In response to the Decision Dismissing Petition ("Decision") mailed February 14, 2005, Patentee submits herewith corrected papers pursuant to 37 C.F.R. § 1.324 for the above-referenced patent. The Decision indicated that the Petition for Correction of Listed Inventors ("Petition") mailed October 29, 2004 lacked a statement from all assignees agreeing to a change in the inventorship in the patent in compliance with 37 C.F.R. §3.73(b). In particular, the Decision indicated that the establishment of ownership requires either (1) documentary evidence

NY02:513024.1

of a chain of title from the original owner to the assignee (e.g. a copy of the executed assignment) or (2) a statement specifying where documentary evidence of the chain of title from the original owner to the assignee is recorded (e.g. reel and frame numbers).

To correct the deficiency of the Petition, Patentee submits herewith a copy of the executed assignment from inventor, Bruno Mangeng, to Lenzing Aktiengesellschaft (attached as Exhibit 1), and a copy of the executed assignment from inventors, Wilhelm Feilmair, Heinrich Firgo, and Johann Männer to Lenzing Aktiengesellschaft (attached as Exhibit 2). Patentee also submits that documentary evidence of the chain of title from the inventors, Wilhelm Feilmair, Heinrich Firgo, and Johann Männer to Lenzing Aktiengesellschaft was recorded in the United States Patent and Trademark Office on September 28, 2001 at Reel 012207, Frames 0137-0144 (Notice of Recordation attached as Exhibit 3).

The error in inventorship in the above-referenced patent was made inadvertently and without deceptive intent. Bruno Mangeng was added as a fourth inventor during the pendency of the International Application No. PCT/AT99/00339 to which this patent, U.S. Patent No. 6,645,409, claims priority, and U.S. Attorneys for Applicant inadvertently filed the application that matured into '409 application without including Mr. Mangeng.

Patentee also resubmits all papers accompanying the first Petition as follows:

(1) a statement by Bruno Mangeng that the inventorship error occurred without deceptive intent (attached as Exhibit 4);

(2) a statement by Wilhelm Feilmair, Heinrich Firgo, and Johann Männer, all currently listed as inventors, that they agree with the request to add Bruno Mangeng as a joint inventor (attached as Exhibit 5);

(3) a statement from Lenzing Aktiengesellschaft agreeing to the correction of the

NY02:513024.1

inventorship (attached as Exhibit 6); and

(4) the fee set forth in §1.20(b).

Also enclosed is a Request for Certificate of Correction (attached as Exhibit 7) and Certificate of Correction, in duplicate (attached as Exhibit 8).

Patentee respectfully requests that the present Second Petition under 37 C.F.R. § 1.324 and the accompanying Request for Certificate of Correction be granted.

Patentee does not believe that any additional fee is required in connection with the submission of this petition. However, should any fee be required, or if any overpayment has been made, the Commissioner is hereby authorized to charge any fees, or credit any overpayments made, to Deposit Account 02-4377. A duplicate copy of this sheet is enclosed.

Respectfully submitted,

inventorship (attached as Exhibit 6); and

Also enclosed is a Request for Certificate of Correction (attached as Exhibit 7) and Certificate of Correction, in duplicate (attached as Exhibit 8).

Patentee respectfully requests that the present Second Petition under 37 C.F.R. § 1.324 and the accompanying Request for Certificate of Correction be granted.
